

TGIF - Turn Grease Into Fuel

1

T.G.I.F. IS UNIQUE

1. TGIF costs almost nothing to start up.
2. TGIF is easy to maintain.
3. TGIF can be started anywhere where cooking oil is used to fry food.
4. TGIF is SUSTAINABLE!

All of our partners are **BENEFITING** from this venture

2

Our Business Model

3

1. Securing Grease Supply
by encouraging grease recycling

4

by partnering with businesses and creating a law

5

2. Outsourcing to minimize cost

- 1 Collecting grease
- 2 Refining into biodiesel
- 3 Identifying needy families
- 4 Distributing biofuel

6

3. Increasing Biofuel Demand

Researching and convincing the school district to use biodiesel blends in school buses

Promoting the use of biofuel in home heating

7

You Eat - We Donate!

We are creating ties with the community!

8

BioHeat® Donations

Year	Donations (Gallons)
2009	2,000
2010	3,200
2011	4,300
2012	5,400
2013	6,500
